

Heavy Duty "Tall" Coil Nuts

Description:

OCM Tall Coil Nuts are made from high strength steel, and are used with different types of coil thread bolts and rods in concrete formwork, bridge deck forming, or precast concrete applications.

Features:

- Can be provided in different sizes from 1/2" to 1 1/2"
- Standard is provided with Right Hand Thread, but left hand is also available
- Coil Thread is self cleaning and ideal for dirty job sites or use in concrete formwork
- Only 1 Tall Coil Nut is required to develop Ultimate Load when used with High Strength Coil Rod

Additional Notes: SWL provides a safety factor of approximately 2 to 1.

Item Number	Safe Working Load (lbs)	D Size (in)	H Height (in)	AC Across Flats (in)	Weight Per 100 Pieces (lbs)	Box Quantity
