

75F500FUBP

OCM Fitting Up (Speed) Bolts are used for securing steel form panels together. The tapered nose of the bolt acts as a draft pin and helps align the forms. The thread design and clearances between the nut and bolt permits quick assembly and dismantling of the forms. The open thread design permits concrete to be easily knocked out of the threads.

Part Number	75F500FUBP
D Size (in)	3/4"
AC Across Flats (in)	1.25"
L Length (in)	5"
Thread Length (in)	3"
Grade	ASTM A325
Weight Per Piece (lbs)	0.75
Carton Quantity	50
